ABOUT ME

Experienced web developer with 4 years of expertise in designing and developing responsive, user-friendly websites. Seeking a challenging role in a dynamic organization to leverage technical skills and creative problem-solving abilities for successful web development projects. Dedicated, organized, and skilled in teamwork, with a proactive approach to learning and personal growth.

SUMMARY

Professional Skills:

- Front-End Development: Proficient in HTML5, CSS3, JavaScript, and Bootstrap for responsive web interfaces. Strong understanding of mobile-first development principles.
- Back-End Development: Knowledgeable in PHP and familiar with MySQL.
- CMS Expertise: Extensive experience in WordPress CMS. Proficient in Magento and Drupal for e-commerce and content management systems.
- Framework Expertise: Familiar with Laravel for backend development.
- UX/UI Design: Solid grasp of design principles for enhancing user experience. Familiar with WebFlow for intuitive website design.
- Video and Photo Editing: Skilled in video and photo editing, proficient with tools like Adobe Premiere Pro, Adobe Photoshop, CapCut and Canva.

Soft Skills:

- Client Collaboration: Effective collaboration with clients, stakeholders, and design teams to gather requirements and incorporate feedback.
- Communication: Clear communication with supervisors, mentors, and team members, seeking clarification and providing updates.
- Work Ethic: Demonstrated reliability, punctuality, and adherence to workplace rules and safety procedures.
- Project Management: Managed projects closely, ensuring understanding of requirements and timely progress updates.
- Adaptability: Thrived under pressure, prioritizing tasks effectively in both team and individual environments.

PROFESSIONAL EXPERIENCE

BERJAYA Hotels & Resorts　　　　　　　　　　　　　　　　　　　　　　　　**May 2024 – Present**
Web Programmer
Responsibilities:

- High-Quality Code: Write high-quality, meticulously crafted code following industry best practices.
- Collaborative Design: Work closely with designers to create captivating website layouts, seamless user interfaces, and promotional banners using HTML and CSS.
- Data Integration: Integrate data from diverse back-end sources and databases to ensure flawless functionality across the site.
- Visual Content Creation: Edit photos and videos to enhance website aesthetics, ensuring cohesive design elements and improving user experience.
- Maintenance and Innovation: Manage site maintenance, expansion, and scalability while staying updated on emerging technologies to drive innovation.

Senheng Electric Sdn Bhd　　　　　　　　　　　　　　　　　　　　　　　　**Jun 2022 – May 2024**
E-Commerce Executive (Web Designer)
Designed user-friendly website layouts using HTML, CSS, and Bootstrap, ensuring proper alignment. Developed cross-browser compatible and responsive web pages with HTML, CSS, and JavaScript. Implemented accessible UI designs with HTML, CSS, and Bootstrap. Created responsive websites using media queries and Bootstrap's grid system. Enhanced visual appeal and interactivity through custom styles, CSS animations, and JavaScript.
Key Achievements :

- Performance Optimization: Reduced page load time by 40% through image optimization, minification, and caching.
- Website Redesign: Led a site overhaul, improving speed, user experience, and search engine rankings.
- E-commerce Growth: Designed an e-commerce platform that boosted online sales by 40% in the first quarter.
- Visual Content Creation: Edited photos, videos, and banners to enhance aesthetics and brand consistency.
- Continuous Learning: Kept up with the latest trends in web design, development, and video/photo editing to improve skills.
